

# About the draft Caravan and Camping Parks Master Plan

The draft Caravan and Camping Parks Master Plan aims to guide and prioritise improvements for the caravan parks and campground managed by Barwon Coast, while protecting the cultural values and natural environment.

## About the Master Plan

We have been developing a ten-year master plan for the caravan parks and campgrounds managed by Barwon Coast:

- Breamlea Caravan Park
- Barwon Heads Caravan Park
- Riverview Family Caravan Park (Ocean Grove)
- Riverside Campground (Ocean Grove).

The Caravan and Camping Parks Draft Master Plan will set the direction for improvements and infrastructure priorities over the next 10 years, while enhancing the character of each park and protecting the environmental values.

With pressures like population growth, ageing infrastructure, sea level rise and demand for camping opportunities, the Master Plan will guide the long term mix of accommodation types and sites available to ensure a range of accessible camping and visitor experiences.

## We want to hear from you

A number of stakeholder consultation and engagement activities were undertaken to inform the draft Master Plan, including surveys and stakeholder and staff workshops.

Now we are seeking your feedback on some of the key actions, improvements and infrastructure priorities included in the draft Master Plan.

There are a range of ways you can have your say. Engagement activities include community drop-in sessions in Barwon Heads and Ocean Grove, an online community survey, and information sessions for twelve-month permit holders.

**The consultation period opens on Monday 21 August closes on Monday 2 October.**
